

all leather
whether a man-eater
or just an eater
boggles,
goggles and racks
google doesn't yield much
her smile, sinister
is what i remember
like

amazing
this person
likes tmbg
a bit, and nice people,
quiet time, being alone
not-party-drugs-xtc;
a little pot
that's okay;
she kicks guys' balls
but seems to love
a good hug

it hurts
without knowing
how to make it
something more;
i'm in a bind
but not by her

but by her
at the same time.

they drink her piss
i want a kiss
